PROVIDER CONCIERGE PROGRAM

The Concierge Program at Gramercy Surgery Center offers your EmblemHealth patients high-quality, convenient, and dedicated outpatient surgical services at award-winning ambulatory surgery centers in New York City.

Gramercy Surgery Center is committed to providing compassionate, quality surgical care to all New Yorkers. Our patient-centric, surgeon-focused approach has led our facilities to be ranked the #1 and #2 ambulatory surgery center in New York by Newsweek. We are happy to announce the launch of our Concierge Program, which will allow EmblemHealth-contracted providers to schedule an appointment with an in-network surgical specialist within 48 hours. The program helps to ensure that EmblemHealth members requiring surgery will be treated by quality in-network surgeons and subsequently treated at in-network outpatient surgical facilities, reducing stress and variability for members. We have a multispecialty network of surgeons across New York City, ambulatory surgery centers located conveniently in Manhattan and Queens, and are ready to serve. EmblemHealth-contracted providers will have direct communication to our surgical network related to your patient's treatment.

4 OPERATING ROOMS

Four cutting-edge operating rooms per facility
